

Film Manufacturer Data Sheet

CPFilms, Inc.

CPFilms, Inc

575 Maryville Centre Drive
St. Louis, Missouri 63141

Overview

CPFilms Inc. is the world's largest manufacturer of window film as well as the leading supplier of precision coated films to a wide array of industries. CPFilms achieved this position through its distinction in the areas of research and technology, manufacturing excellence and capacity, global distribution and unsurpassed levels of customer service. Our company is dedicated to making continuous investments in machinery, technology, and the skills and training of our employees to keep us at the forefront of our industry. CPFilms operates as a subsidiary of Solutia Inc.

In-House Manufacturing Capabilities

CPFilms is the only manufacturer with the ability to produce a complete line of solar and security window films under one roof. CPFilms production capabilities include color dyeing, sputtering, metalizing, solution coating, laminating and slitting. By combining our base capabilities, CPFilms is able to produce custom product to exacting specifications.
